Notice of Fee Increase on January 1, 2003

If a reply to a "Notice of Allowance and Fee(s) Due" is filed in the Office on or after January 1, 2003, then the amount due will be higher than that set forth in the "Notice of Allowance and Fee(s) Due" since there will be an increase in fees effective on January 1, 2003. See Revision of Patent and Trademark Fees for Fiscal Year 2003; Final Rule, 67 Fed. Reg. 70847, 70849 (November 27, 2002).

The current fee schedule is accessible from: <http://www.uspto.gov/main/howtofees.htm>.

If the issue fee paid is the amount shown on the "Notice of Allowance and Fee(s) Due," but not the correct amount in view of the fee increase, a "Notice to Pay Balance of Issue Fee" will be mailed to applicant. In order to avoid processing delays associated with mailing of a "Notice to Pay Balance of Issue Fee," if the response to the Notice of Allowance and Fee(s) due form is to be filed on or after January 1, 2003 (or mailed with a certificate of mailing on or after January 1, 2003), the issue fee paid should be the fee that is required at the time the fee is paid. If the issue fee was previously paid, and the response to the "Notice of Allowance and Fee(s) Due" includes a request to apply a previously-paid issue fee to the issue fee now due, then the difference between the issue fee amount at the time the response is filed and the previously paid issue fee should be paid. See Manual of Patent Examining Procedure, Section 1308.01 (Eighth Edition, August 2001).

Questions relating to issue and publication fee payments should be directed to the Customer Service Center of the Office of Patent Publication at (703) 305-8283.

DETAILED ACTION

Examiner's Amendment

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eric Robinson on June 10, 2003.

The application has been amended as follows:

In the claims:

2. Claim 55:

Delete "and";

Insert after film -; and etching said semiconductor film into a semiconductor layer

F' after said leveling step--.

3. Claim 56:

Delete "and";

Insert after less -; and etching said semiconductor film into a semiconductor

F2 layer after said leveling step--.

Allowable Subject Matter

4. Claims 5 and 36 – 60 are allowed over the prior art of record.

58

4

5. The following is an examiner's statement of reasons for allowance: Takemura in view of Zhang and Voutsas substantially show the claimed invention. However, Takemura either in combination or alone do not show leveling the crystalline semiconductor layer before etching it. Takemura etches the semiconductor layer to form islands of the crystalline semiconductor material and then anneals it to smooth out the surface of the islands. It would be improper hindsight to ascertain that the invention of Takemura could be modified to show the claimed invention since Takemura specifically teaches that the etching occurs prior to the leveling. Therefore the claimed invention as a whole is neither anticipated nor rendered obvious over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
